

Dear Member,

The BRS Scoring App powered by BRS Golf Genius is now live!

The good news is that you do not need to create a new account to use the system. Your existing BRS Golf account will now be your main account for all things “Golf” at your club.

We have supplied you with the App QR codes below so that you can easily download the new BRS Golf Scoring App.

Alternatively, you can click on the Golf Events & H.I button within your BRS Golf App and you will be prompted to download the BRS Scoring App.

Once downloaded, you will now be able to access the BRS Scoring App through your BRS Golf App. Click on the orange Golf Events & H.I button and you will automatically be logged in to the BRS Scoring App.

Within the BRS Scoring App you will be able to access your:

- Handicap Index
- Enter competition scores
- Enter general play scores
- View previous competition results.

We hope this adds to your Golfing experience!
