

Driving Range & Practice Area

Dear Member,

As you may have noticed, a number of generous volunteers have been giving up their free time to help look after the driving range and practice area. The Council are very thankful for their assistance, and in light of this we would just like to remind the membership of the guidelines for the use of those areas.

Only balls purchased from the ball dispenser are to be hit on the driving range, and under no circumstances should members endanger themselves by collecting balls off the range.

Only personal golf balls (not range balls) are to be used on the three practice holes behind the clubhouse, & please do not hit multiple balls off the fairways on the practice holes as these areas are being used to help with junior coaching.

If you wish to hit multiple balls on the practice holes then please hit from the cut areas to the side of the fairways, and please do remember to collect your own balls back up.

Thank you for your assistance in this matter, and we hope that you enjoy the facility and that the opportunity to practice helps improve your game.

PGC Council
