

Policy for Membership Categories and Subscription Rates

Purpose:

This Policy is to be used by the Finance Committee of the Club Council to fulfil their responsibilities in setting Membership Categories and Subscriptions.

The rates will be reviewed and agreed by the Finance Committee periodically (at least annually) and will then be submitted to the Club Council for approval.

Following approval of membership rates by the Club Council they will then be put forward for ratification by the Voting Members at the next AGM, or EGM, if appropriate.

Procedure:

It is the responsibility of the Club's Finance Manager to call a meeting of the Finance Committee to discuss and agree the membership subscription rates for the following "membership year".

The meeting of the Finance Committee will usually be called in September, and once an agreement is reached the Finance Manager will put the recommended rates forward for approval at the next full Council meeting.

Following Council approval Membership Subscription Rates will be presented for member approval at the following AGM, such rates will be open for alteration at the AGM subject to properly proposed & seconded membership amendments.

Membership rates will be set for the full year and will not be subject to mid-year alteration unless exceptional circumstances dictate, in such circumstances an EGM will be called to seek membership approval for the amendment of rates.

The setting of Membership Categories and their associated conditions will be at the sole discretion of the Finance Committee, but subject to approval by the full Council.
