

Policy for Visitor Green Fee Rates

Purpose:

This Policy is to be used by the Finance Committee of the Club Council to fulfil their responsibilities in setting Visitor Green Fee Rates.

The rates will be reviewed and agreed by the Finance Committee periodically (at least annually) and will then be submitted to the Club Council for approval.

Procedure:

It is the responsibility of the Club's Finance Manager to call a meeting of the Finance Committee to discuss and agree the visitor green fee rates for the following year.

The meeting of the Finance Committee will usually be called in September or October, and once an agreement is reached the Finance Manager will put the recommended rates forward for approval at the next full Council meeting.

The setting of Visitor Green Fee Rates will be at the sole discretion of the Finance Committee, but subject to approval by the full Council. However, Visitor Green Fee Rates are not subject to the approval by the club membership.
